Subject: Proposed Nishkam School Q&A session

Dear Stephen and Councillors,

As you may be aware, Nishkam School Trust are hosting a Q&A session regarding the proposed school development at Syon Lane, on the 8th September at 4pm – 8pm.

The session is designed to assist in understanding the proposed development and the recent amendments submitted and answer any questions that people may have, as we are aware that rumours are spreading, which are not all are factually correct.

The session will also allow the community to obtain a better understanding of what Nishkam School Trust is about and meet some of the people involved in the existing school on London Road/Wood Lane.

A number of Councillors have already expressed an interest in attending this event and we would like to extend the invite to everyone. Please find attached, details of the event.

We hope that we may see you there.

Kind regards

Liz Fitzgerald
