New Homes Pre-application Public Consultation

The site currently comprises vacant commercial buildings. Network Housing Group hope to submit a planning application for the redevelopment of the site to provide new housing.

The current proposal is to provide 36 new homes within a part 3, part 5 storey building. The proposal will comprise a mix of affordable and private sale residential units, as well on site car parking and cycle parking.

Public Exhibition on 10th March 2016

Network Housing Group is one of the largest housing associations in London and the South East with specialist skills in development, regeneration and housing management. Our aim is to change lives for the better by providing:

- quality, affordable homes
- services for older and vulnerable people
- support for the homeless.

We are holding a public exhibition at St John the Baptist Church. The event will be held from the afternoon to early evening, on a drop in basis.

We will be showing images of the proposed development on consultation boards.
